

Kairos Capital Partners Invests in Nina McLemore, LLC

WESTWOOD, Mass. --March 11, 2008 -- Kairos Capital Partners, LLC (Kairos) today announced that it has made an equity investment in New York-based Nina McLemore, LLC (Nina McLemore) along with a number of other existing equity investors. Nina McLemore is a designer women's clothing company that markets to successful executives, professionals and community leaders through a focused direct sales force and better specialty stores. The company will use the funds to expand its client base and direct distribution channel.

"Nina McLemore is at a very attractive stage in its growth cycle." said Andrew H. Moser, Co-Founder and Partner of Kairos Capital Partners. "Nina has a proven track record in the fashion business and a strong and growing customer following. We look forward to partnering with Nina and her team to help realize the company's exceptional growth potential."

Commenting on the equity investment, Nina McLemore, President and Chief Executive Officer, said, "The investment by Kairos Capital Partners affords us the flexibility to build and expand our business in 2008 and beyond. Our collection represents a better value compared to more expensive designer collections and we want to reach as many businesswomen as possible."

Nina McLemore's line of clothing has received enthusiastic response from women executives and high net worth women, in large part due to her strategic approach that combines designer-quality fabrics and workmanship in simple, elegant styles with a direct sales model.

About Nina McLemore

Nina McLemore, LLC designs high-quality clothing in simple, elegant styles that fit contemporary, successful executive women and women who are active in their communities. The collection is sold on an exclusive basis through select better specialty stores and to private customers through exclusive sales consultants. Made of mostly natural fibers from the finest European mills, the fabrics are chosen for their luxurious textures, elegant design, quality and ability to withstand rigorous travel schedules.
